

NO RECORD OF OVER TWO BILLION SPENT BY SHIPPING BOARD

Checks Issued With
No Vouchers to Sup-
port Them

PROVED CHAMPION SPENDERS OF WORLD

(By The Associated Press)
NEW YORK, Nov. 17.—A series of disclosures tending to support what has been declared to be a "complete lack of adequate accounting system" in the handling of government funds were made here today by Martin J. Gillan, a witness before the Walsh congressional committee investigating the affairs of the United States shipping board.

Gillan was a special assistant to former chairman John Barton Payne.

"It has been conceded," he said, "that but few men connected with the Emergency Fleet Corporation had an expert knowledge of accounting," and he also said that it was due to a complete breakdown of the accounting system that the board had its main troubles.

Figures used today by the witness ran into billions of dollars. He testified that one of the first acts of Chairman Payne when he discovered the condition of affairs was to go to the secretary of the treasury and to secure from him the services of Alonzo Tweedale, whom he made treasurer of the board. This was done about August 1, 1919, and he testified that among other conditions disclosed by the new treasurer were the following:

Had No Balance Sheets. . . There was no balance sheet showing what funds the board possessed or in what banks its funds were deposited.

There was no record in the hands of the board of securities valued at more than \$240,000,000 which the board held. The securities he added, were found in the vaults of a trust company in Philadelphia, where they had been placed for safe keeping.

There was no record showing in detail how \$2,500,000,000 had been expended up to that time.

There was no record of accounting with operators of shipping board vessels nor any way of determining how much money belonging to the government they had in their possession.

Issue Sheets Without Vouchers. . . Prior to the event of Mr. Tweedale, he said, the treasurer of the board was only "an issuer of checks," oftentimes without supporting claim vouchers.

On November 1 of this year the witness said of the sum of \$3,800,000,000 expended there had been submitted to the treasurer vouchers to cover only \$2,700,000,000. Vouchers representing disbursements of \$900,000,000 had been accepted by the treasurer because of lack of sufficient supporting data and there was to be presented vouchers amounting to \$1,100,000,000. Vouchers and data to make possible the accounting so far obtained, he testified, have been obtained by going out into the field, starting with bank accounts of various firms and persons with whom the board and the emergency fleet corporation had transactions and tracing the accounts back to the board. In this work he said a force of 900 men had been engaged.

PARIS WORKMEN FIRE ON POLICE

(By The Associated Press)
PARIS, Nov. 17.—Shots were exchanged when a crowd of workmen and sympathizers this afternoon attempted to storm the Blietot factory, which was guarded by a cordon of several hundred police placed about the plant, after the unsuccessful attempt made by dismissed workmen yesterday to storm the plant, which shut down recently, throwing 2,000 persons out of work.

The police, the reports state, opened fire when shots from the direction of the crowd wounded a policeman. Two workmen were wounded, one of them seriously. According to The Temps, the Blietot officials have arranged with the government's aid to reopen the plant tomorrow.

After the clash today a delegation of employees was finally admitted to see M. Blietot. They notified him that unless he agreed by 10 o'clock tonight to reopen the factory they would seize the plant and operate it themselves.

DAKOTA PAPER PUTS OUT SMALL PAPER

Aberdeen, S. D., Nov. 17.—The Aberdeen American this morning issued in mimeographed form a newspaper of letter-size pages.

William G. White, telegraph operator of The Associated Press, stenciled the newspaper report as it came in over the wires. Printers in Aberdeen are on strike for an increased wage schedule.

SHORT SELLING IS STILL IN VOGUE ON STOCK MARKET

U. S. Steel Reaches New Low
Record for Past Three
Years

GILT EDGED RAILS PAY THE TOLL

(By The Associated Press)
NEW YORK, Nov. 17.—After a brief respite, in which hopes were entertained of a recovery from the disturbing conditions which have attended almost every session since election day, the stock market met with fresh liquidation and short selling today. The general list fell to lowest prices for one to three years. U. S. Steel making a new low for three years at \$9.75. Today's decline was more surprising because the market opened with a show of firmness, attributed principally to the assurances from banking quarters that the protracted decline of securities and commodities had uncovered no points of financial weakness.

These same assurances were tempered, however, with the statement that further liquidation would have to be effected, especially in retail branches of trade, before confidence in the general business situation could be restored.

Much of today's selling which embraced a number of conspicuous issues including the film stocks, probably had their origin in these intimations. There were other unsettling developments, such as the very unsatisfactory state of the steel industry and the sharp decline in values of shipping carriers.

Reduces Quarterly Dividend. . . Reduction of the quarterly dividend on Ajax Rubber directed renewed attention to the motor industry and affiliated trades and gave rise to the belief that many more dividend disbursements would be reduced only entirely suspended. These same conditions were applicable to coppers and other metals as leathers, tobaccos and food products. Rallies of one to three points in favorite issues at the weak finish were due to short covering rather than actual supporting or buying orders. Gilt-edged rails paid toll to the day's set-back, losing 2 to 4 points.

General Chemical on a single sale of 100 shares dropped 19 1/2 points and Famous Players represented the theatrical or film issues at a loss of 11 points. Sales amounted to slightly over 1,100,000 shares.

INDUSTRIAL BOARD AROUSSES THE IRE OF ILLINOIS WOMEN

Object to Woman Certified
as Industrial Arbitrator

APPOINTEE WILL FIGHT FOR JOB

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 17.—Backed in her protest by various women's organizations of the city, Miss Harriet Reid tonight appealed to the National League of Women Voters, charging that the Illinois Industrial Board have withdrawn their requisition for industrial arbitrator because the civil service commission certified a woman.

Examined by the civil service commission and given the highest grade of 93, Miss Reid was certified for appointment last week. Objecting to a woman as arbitrator on the industrial board cancelled their requisition for appointees, and asked that another examination be held which has been called for Saturday.

Employing counsel to represent her, Miss Reid said the only objection to her appointment was that she is a woman and that the job pays \$250 a month. Chicago women's organizations in taking up Miss Reid's fight for recognition have pointed to the fact that there are 2,600,000 women in industry in Illinois, who should have at least one representative as arbitrator on the industrial board.

Another examination when there are twenty seven who have already passed and have been waiting appointment, Miss Reid said, is a flagrant violation of the spirit of civil service rules.

SENATE GOES INTO THE SALVAGE BUSINESS

Washington, Nov. 17.—The senate went into the salvage business yesterday by the sale at auction of accumulated fixtures and furniture of the senate, dating back to the days of the 61st congress.

A lemonade bowl from which tired senators quenched their thirst in the cloak room went for \$3.00, and a campaign cooler, its senatorial function not specified, brought \$1.00. An electric runabout, once the property of the late Senator Elkins of West Virginia and which had stood for years in the senate garage, brought \$5.50. The sergeant-at-arms collected \$1,200 from all articles sold.

WILL FIGHT FOR RECOGNITION OF IRISH REPUBLIC

Irish Leaders of Country
to Perfect Organization

WILL GET FIRST HAND INFORMATION

(By The Associated Press)
WASHINGTON, Nov. 17.—Irish leaders from over the country today completed organization of "the American association for the recognition of the Irish republic." At the same time the commission of seven from the committee of one hundred investigating the Irish question, laid plans for opening tomorrow its hearings with two witnesses direct from Ireland on the stand.

The hearings of the commission of seven were to have started today, but receipt of information that John Durham, acting mayor of Baltimore, and Dennis Morgan of Chicago would be present to testify tomorrow resulted in the postponement.

The British embassy will not be represented at the committee's hearings formal declaration of the commission's invitation having been forwarded by the embassy to Oswald Garrison Villard of New York, editor of The Nation, who appointed the committee of one hundred. The embassy declared it could not approve the purposes of the inquiry and expressed the belief that the only result would be the spreading of propaganda.

The organization formed by Irish sympathizers after a conference with Eamonn de Valera, president of the provisional Irish republic, was said to be designed to dom and the leading Irish independence organizations in the country. Among the directors named was Miss Ada C. Shannon of Davenport, Iowa.

First Hand Information. . . The office of the Irish inquiry commission announced tonight that plans had been perfected to send a sub-committee to Ireland soon to make a first hand investigation. The personnel of the commission will be announced later. The project resulted it is stated from invitations to send such a committee, received by the commission in a round robin signed by the British labor party leaders including Arthur Henderson, Robert Smillie, William Andrew O'Shea and others.

Former Governor Joseph W. Folk of Missouri has declined the chairmanship of the inquiry commission and also has withdrawn from membership. His letter, made public tonight said he felt that his connection as "counsel for the Zaglout commission representing the people of Egypt," made it "inappropriate" for him to serve on the commission on Ireland the investigations of which should not have "even the appearance of partiality."

CLOTHING PRICES ON STABLE BASIS

Statement Says Readjustment of
Prices Has Run Course—Future
of Industry Much Brighter

(By Associated Press)
CHICAGO, Nov. 17.—Clothing prices now are on a stable basis according to a statement issued tonight by the board of National association of Retail Clothiers.

"Readjustment of prices has well run its course," said the statement. "Without taking into consideration costs or material values the retail merchant has passed to the consumer price concessions that would have been delayed several months, if the ordinary processes of trade trend were followed. With continued public confidence and favorable weather conditions clothing stocks in the main will be well liquidated by the end of the season. The future of the industry is much brighter than at any time during the readjustment period."

CHICAGO GRAND OPERA SEASON OPENED

(By Associated Press)
CHICAGO, Nov. 17.—The Chicago Grand Opera company opened a ten weeks' season tonight with the first presentation in America of Jino Marinuzzi's opera, "Japierle." The opera is the story of a French peasant's revolt against oppression. Yvonne Gall sang the role of Isaura, the peasant bride, with Edward Johnson as Mazure, the bridegroom, and Carlo Galeffi Virgilio Lazzari, Vittorio Trevisan, in other principal parts.

IS SENTENCED TO LIFE IMPRISONMENT

Chicago, Nov. 17.—Joseph Todd, aged 23, a negro, was sentenced to life imprisonment today when he pleaded guilty to the murder of P. G. Todd, white, a dining car superintendent on the Chicago, Rock Island & Pacific railroad several months ago.

Bulletins From Here and There

CHICAGO, Nov. 17.—William F. Frazier of Wheaton, Illinois, motorman on the Chicago, Aurora and Elgin railroad train which killed Mr. and Mrs. Henry Marcusson, when it struck the automobile in which they were riding recently, was exonerated of any blame for the deaths by a coroner's jury today.

CHICAGO, Nov. 17.—John Jaskins, a member of the communist party and J. Juodis, Herrin, Illinois, arrested several weeks ago for distributing communist literature were found guilty by a jury in Judge Kenesaw Landis' court today, of conspiracy to violate the espionage act. The law provided a maximum penalty of five years imprisonment on this charge.

EDWARDSVILLE, Ill., Nov. 17.—St. Glenn Young, a federal prohibition enforcement officer was indicted late today on a murder charge in connection with the killing of Luka Vukovic, an Austrian on the night of November 6, last, while he and Walter Cowkill, a Granite City policeman, were raiding the Vukovic home in Madison in search of liquor.

WESTERN UNION AND GOVERNMENT NEAR RUPTURE

Landing Permits May
be Revoked by State
Department

COMPANY DEMANDS PREPAYMENT

(By The Associated Press)
WASHINGTON, Nov. 17.—Relations between the Western Union Telegraph company and the state department already strained to the point of an open rupture, reached a stage today where the government was understood to be considering seriously revocation of landing permits under which the company's existing cables are operated.

The power of the executive branch of the government to take such a drastic step has never been established in the courts but a veiled intimation of the purpose to bring it to an issue was contained in a formal statement on the controversy given out today by the state department.

After announcing the refusal of the company to handle government cable messages except upon prepayment or to carry messages originating outside of the United States at reduced government rates, the statement said it had been the uniform policy of the government to allow the landing of cables only on condition that the United States should be entitled to enjoy the same privileges with regard to the control and use of such lines as were exercised by foreign governments.

It was obvious the statement added that the United States could not be expected to allow the Western Union company, an American corporation to charge for government messages twice the rates charged the British and other governments.

Because of Western Union company's demand for prepayment on government cable messages it is understood that orders have been issued in some departments that business be routed over the lines of other cable companies as much as possible.

RIOTING BREAKS OUT IN BELFAST

(By The Associated Press)
BELFAST, Nov. 17.—Renewed rioting broke out in Belfast today. Nationalists in the new Lodge Road district attacked the Unionist quarter with stones. They were beaten off by women at the first onset but returned using revolvers, and soon were masters of the thoroughfare.

An attempt was made to enter the Duncrain Presbyterian school but the doors had been fastened so the crowd contented itself with smashing the windows, a process which was repeated on many houses along the line of advance. The police were rushed up, and after an exciting twenty minutes restored order.

SON OF OLD CHICAGO BUSINESS MAN DIES

Chicago, Nov. 17.—Nathaniel K. Honore, brother of Mrs. Frederick Dent Grant, and the uncle of Honore and Potter Palmer, is dead here, following a long illness. He was 64 years old. Mr. Honore was the son of Henry H. Honore, one of Chicago's leading business men of 50 years ago.

MAIL CAR ROBBERS SECURED LARGE SUM

Omaha, Neb., Nov. 17.—Following an independent investigation of the robbery of a Burlington mail car in Council Bluffs, Saturday night, the Omaha World Herald, an evening newspaper, today published an article declaring a conservative estimate of the amount secured by the robbers, is \$1,000,000.

ST. LOUIS, Mo., Nov. 17.—Raymond E. Jarrett, 38 years and his wife, 26, were found dead in bed in their home in Webster Grove, a suburb late today. An investigation has been begun in an effort to ascertain the cause of the deaths.

WASHINGTON, Nov. 17.—Total subscriptions for treasury certificates dated November 15 and maturing May 16, 1921, was \$292,636,500. Secretary Houston announced today and the total allotted was \$232,124,000. The amount offered was \$200,000,000 or thereabouts.

NEW YORK, Nov. 17.—John Shishmanian, of Fresno, California, former member of the Kentucky National Guard, who was reported to have been hanged by the French at Adana, has been released and is now in Damascus. It was announced today by the Near East Relief.

TACOMA, Wn., Nov. 17.—Good-year Tire and Rubber company branches in Tacoma, Great Falls, Montana, Billings, Montana, Boise Idaho, and San Diego, California, are to be closed today the company announced.

DESPITE TRYING PERIOD COUNTRY SOUND AND STABLE

Harding So Declares
in Letter to Mining
Man

IS WORLD'S MAIN- STAY AND HOPE

(By The Associated Press)
DENVER, Colo., Nov. 17.—Despite a "trying period" in which national policy and aspiration have been misinterpreted and misjudged, the United States is "sound and stable" and the world's mainstay and hope, President-elect Warren G. Harding declared to Bulkley Wells, of Denver, president of the American Mining Congress in a letter which was read tonight at the annual convention of the congress.

Senator Harding's letter told: "I have to thank you for your invitation to the 23rd annual convention of the American Mining congress and to express my regrets that it will be impossible for me to accept. My regrets are the more keen because your meeting will bring together a body of men with which I am anxious to take counsel in outlining the policies of the next administration. I am aware of the difficulties that confront the mining industry of the country and would be glad of the opportunity to familiarize myself with some of the details."

Depression Only Momentary. . . "It is my hope and belief that we will presently be brought to realize that the tendency to reaction and industrial depression is only momentary. Not only is our own country sound and secure, but it is the world's mainstay and hope. We have been through a trying period in which national policy and aspirations have been misinterpreted and misjudged. We have now had a convincing demonstration of the real attitude of the American people and it will not fail to reassure both our own people and the rest of the world, which so greatly need our steadfast support and aid. A mighty effort will be required of us to meet the demands that a recovering world will impose."

"In no direction will these demands be more pressing than in supplying those necessities of life and reconstruction that must come from the richness of American mines. With wisdom and deliberation such as we hope to secure by dint of enlistment of the aid of such expert authorities as your own organization, represents I believe we shall place our country and its industry once more on the high road of progress and success. To that end you may be assured that every energy and effort of the new administration will be directed."

"Please be good enough to convey to the congress and all its members the assurance of my pleasure in receiving your invitation and of my wish to serve you in common with every other worthy American interests."

AMERICAN OIL LANDS HAVE BEEN THROWN OPEN TO THE WORLD

American Producers
Are Entitled to
Protection

GREAT BRITAIN CAN'T CORNER SUPPLY

(By The Associated Press)
WASHINGTON, Nov. 17.—The world oil problem, particularly the situation confronting America due to conditions in Mexico and Europe, search for additional source of supply, was discussed here today at the opening of the annual meeting of the American Petroleum Institute.

W. C. Teagle, president of the Standard Oil company of New Jersey, told the institute that many foreign governments are deliberately placing obstacles in the way of those who would like to assist in the development of new sources of supply.

He was followed by Director Otis Smith, of the United States Geological Survey, who sounded a new warning that American sources were rapidly being exhausted. Richard Grey, vice-president of the Roxana Petroleum corporation, a British company, denied at the night session that Great Britain was attempting to monopolize the world's oil supply.

The situation in Mexico was described by Frederick R. Kellogg, counsel for the Mexican Petroleum Corporation, who said American oil men had gone into Mexico because "Mexico issued unmistakable to all the world to come and invest its money, its brains and its labor in the oil industry."

Entitled to Protection. . . This, he said, entitled American producers to the protection of their government.

Mr. Teagle pointed out that oil lands in the United States have been thrown open to the world with aliens as free to acquire production as our own citizens. He spoke of the recent Mesopotamian allied powers and added: "If foreign governments insist on pursuing the policy of nationalizing oil lands and reserving oil rights to be held under government direction, if they persist in attempting to keep all of their own petroleum deposits for their own future benefit, while relying on the United States for a large share of their present day needs, other alternative but to take cognizance of the attitude of foreign governments and as a matter of necessary self protection to consider the adoption of measures reciprocally to conserve our petroleum resources for its own people."

Mr. Airey said it would be impossible for Great Britain to corner the world's oil supply. "Motives that have been ascribed to Great Britain of seeking to create a monopoly over the potential oil lands of the world are untenable," he declared.

Mr. Smith declared that the known American oil resources would last only nine years and three months if depended upon to furnish all the power the country consumes. Monthly statistics of production and consumption, he said, "take on the importance of danger signals which must be read 'run slow.'"

DEATH TOLL IN MINE DISASTER NUMBERS SIX

Mine Will Remain Sealed from
Forty to Sixty Days—Colored
Youth Is Missing

(By The Associated Press)
EARLINGTON, Ky., Nov. 17.—With the sailing this afternoon of that part of the Arnold Mine which has been burning since yesterday afternoon when seventeen men were entrapped, the death toll of the disaster has been definitely established at six. Rescuers early this morning found the entombed group of miners, with the exception of a colored youth, a thorough search was made in all parts of the mine for him today and when he was not found the conclusion was reached that he had been burned to death.

When all hope of finding him alive had been abandoned, the mine was sealed to remain so for a period of from thirty to sixty days.

INSANITY PROCEEDINGS ARE DISMISSED

An insanity hearing was held before Judge Samuel Wednesday on the case of Mrs. Lila Sevier of Springfield. Applied for her commitment had been made by her mother, Mrs. Jones. The jury after taking testimony of Mrs. Sevier and others, did not order her committed. It is understood that the application was made because of certain letters written by Mrs. Sevier to a number of Waverly citizens charging them with withholding papers concerning an estate in which she is interested.

ODD FELLOWS TURN DOWN PROPOSAL FOR INCREASING OF FEES

Proposal Called for a Mini-
mum Initiation Fee
of \$40

REBEKAHS ADJOURN FOR WEDDING

(By The Associated Press)
SPRINGFIELD, Ill., Nov. 17.—Delegates to the Grand Lodge Independent Order of Odd Fellows in convention here completed most of their unfinished business today. The proposal to fix a minimum initiation fee of \$40 was voted down, the delegates deciding that the subordinate lodges shall have the power of fixing this fee. The meeting time of the next convention was changed from November to the first week in October in this city. J. P. Ellacott, dean of Illinois Odd Fellows, is attending his forty-fifth consecutive convention. Mr. Ellacott lives at 1918 West Congress street, Chicago.

The Rebekahs held their assembly elected Mrs. Alice M. Trees of Peoria state president today. Mrs. Nellie Thompson of Kankakee was elected vice president. There were eight candidates for state warden, the only competitive office. They were: Mrs. Ella Dunlap of Chicago Heights; Mrs. Millie Elbert of Springfield; Mrs. Flora Sheets of Lincoln; Mrs. Catherine Kunz of Alton; Mrs. Fern Webster of Chicago; Mrs. Violet King of Rockford; Mrs. Gladys Neal of Willow Hill, and Mrs. Lena Brennaman of Chicago. The ballots were cast this afternoon but the count will not be made until tomorrow at 9 a. m. Mrs. Brennaman withdrew from the race and announced her intention of running to the office next year.

The Rebekahs were compelled to abandon their session in the First Christian church this afternoon until a wedding could be performed. Many delegates remained in the church to witness the ceremony.

At an entertainment given in the local high school tonight by the Rebekahs assembly a collection was taken up for a Thanksgiving dinner for the women and children in the Odd Fellow Homes at Lincoln and Mattoon. The sum of \$170 was realized.

HARDING ENDS VACATION IN PORT ISABEL

CROWDS GREET TRAIN ALONG THE WAY

ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN, Nov. 17.—(By The Associated Press)—President-elect Harding's vacation in Texas came to an end today and he was well on his way toward New Orleans tonight to board a steamer for a voyage in Southern waters.

His special train left Brownsville, Texas, at 10 o'clock this morning on a scheduled run of exactly twenty four hours along the Gulf coast to the Louisiana port. He will stay there five hours making an address at noon before the New Orleans Association of Commerce and Boarding of Commerce and Boarding of Commerce, the United Fruit Line, Parismina at 3 p. m.

Whether Vera Cruz, or some other Mexican port will be visited by the president-elect had not been announced tonight. The Parismina's present sailing orders call for a direct run to the Panama Canal Zone, but Mr. Harding has indicated that he might request a change to permit him to accept the invitation to visit Mexican territory tendered him yesterday at Brownsville.

Crowds came out to greet Senator Harding at several towns along the way but only a few stops were permitted by his schedule and he made no rear platform speeches.

PRISONER COMMITS SUICIDE IN JAIL

Peoria, Ill., Nov. 17.—Anton Podofin, a Groveland coal miner, held in the county jail here on a charge of violating the federal prohibition law, was found dead, hanging in his cell in the county jail, this morning. He had made a noose of his belt and strips of bed clothing. He was 35 years old.

Port Au Prince, Haiti, Nov. 17.—(By The Associated Press).—The direct charge that Freeman Lang, formerly a corporal in the marine corps and a lieutenant in the gendarmerie killed three Haitian prisoners at Hinche in 1917, was made today before the court of inquiry which is investigating the activities of the American marines in Haiti.

GERMAN MERCHANTS SOLICIT TRADE IN JAPAN

Washington, Nov. 17.—More than 60 German merchants have arrived recently in Japan to solicit trade, according to advices to the department of commerce from Kio. They met with little hostility, it was said, anti-foreign feeling being confined largely to Tokio and Yokohama.

FEDERATION OF LABOR ELIMINATES RADICAL ELEMENT

Steel Strike Directors
Are Ousted From
Committee

TAKE UP QUESTION OF UNEMPLOYMENT

(By The Associated Press)
WASHINGTON, Nov. 17.—(By The Associated Press).—Direct steps to eliminate radicalism from any control in organized labor and to meet the menace of increasing unemployment are being taken by the American Federation of Labor thru its executive council—in session here. Already a decisive victory over radical elements within the organization has been achieved at one point and the far reaching nature of the conferences of the council for a week past, dealing with economic problems appeared tonight to foreshadow some action looking to closer cooperation between labor and capital to meet unemployment. Conservative leaders in the federation have pounded away on the radical question for several months, insisting on a more determined stand by the controlling body, but reports of increasing unemployment have now brought that subject into a position of equal importance.

Eliminate Radicals. . . In the re-organization of the committee to unionize the steel workers, the conservative element showed its strength. It eliminated from the committee John J. Fitzpatrick, chairman and William Z. Foster, secretary, both of whom participated in the direction of the steel strike last winter around which clustered intimidated and outspoken radicalism.

Fitzpatrick was replaced by M. F. Tighe, a recognized conservative in labor policies and Foster gave place to J. J. Brown, also a known conservative.

President Gompers, president of the federation has declared against the unrestricted admission of radicals from Europe on several occasions and the federation itself is having no intercourse with foreign labor groups of a radical turn. Federation leaders expect to go before congressional committees at every opportunity to check the rush of immigrants from radical sections of Europe and Asia. Increased restrictions will be urged, it was said.

The department of labor made public today statistics showing that during October there were decreases in the number of employees in ten industrial plants as compared with October a year ago, while only four plants had enlarged payrolls. Altogether the number of reporting concerns was small, officials accepted the figures as indicating the trend.

Decreases in Many Plants. . . It was declared that the real reductions in employees, particularly in the textile industry, had become of importance only this fall and reports obtained by the various branches of the government were said to indicate further decreases in scores of plants.

There was no indication as to means which may be adopted by labor to reach a common ground with capital on the subject of the radicals. It may be, however, that pressure against the radicals will be exerted by refusing sanction to their strikes, unless grounds for the walkout are uncompromising according to labor heads. It was regarded as certain, however, that employees and employers would be able to get together on specific problems when such present themselves.

Governor-elect Small has indicated quite plainly that he expects to make appointments only in a very limited number of instances until after the next session of the legislature. That action will not be pleasing to some of the faithful who are looking for jobs, it is a plan dictated by good sense and will have a tendency to mean better qualified appointees.

increase which the parcels post department of the post office shows. Already many packages are being received at the local post office for shipment to distant cities, the donors having learned from other years that it is wise to send packages early in order to insure their prompt delivery.

A visit to the business district in Jacksonville shows that the stores are fully equipped this year for the Christmas trade and the stocks were never more ample nor with choicer offerings. The demand for Christmas goods was proven recently in one local department store. The toys and special holiday offerings are kept in a separate room. It was not intended to open this department until after Thanksgiving but customers found their way into this department and it has been necessary to place a clerk in charge two weeks earlier than was intended.

PROPOSED INCREASES FOR PUBLIC SERVICE

The state utilities commission is to hear the application of the Jacksonville Railway & Light Co. for an increase in rates Nov. 24. The hearings for a number of cities served by the Illinois Traction system and allied utilities companies will be held at one time. It will be proper for the city of Jacksonville to have official representation at this hearing and no matter what the views expressed, such an important matter should not go by default.

Without question, the local company, together with others engaged in the same line of business, has in the past two years met constantly increasing operation costs. To say nothing of high prices paid for labor, the cost of fuel for utilities companies has advanced by leaps and bounds and fuel is a large factor in the expenditures of these companies. It is probable that the cost of fuel today for the local utilities company is between two and three times as great as it was before the war. But it is also likely that the early months of 1921 will witness a sharp decline in coal costs. Other reductions in operation expenditures will likely be possible for the companies and all these things should be taken into account when the hearings are held. Any increase in rates granted should also carry with it the expectancy of betterment in service where needed.

TWO REAL MEN

(From Harveys' Weekly)
"We've got a real job ahead, and we'll tackle it together." Thus informally and colloquially, over the long-distance telephone, the President-elect addressed the Vice-President-elect. Thus also did the next President of the

United States confirm for execution the first and one of the most noteworthy of his campaign promises. There is no discourtesy or disrespect in recognizing the way in which that promise, when first made, was regarded by some, perhaps by many. They wondered to what degree it was merely one of those "glittering generalities" which campaign orators, candidates included, have often been wont to utter. It is gratifying, far more than it should be surprising, to find the President-elect in his first after-election utterances reaffirming that first campaign pledge, to make the Vice-President a real and effective member of his Administration.

This, we say, should not be surprising, because the President-elect is precisely the sort of man of whom confirmation and faithful fulfillment of promises is to be expected. That was his reputation before he was nominated for the Presidency. "Sincere" was the tribute which his rival and competitor could not help paying to him; before he thought that the agencies of desperate campaigneers necessitated the substitution of scurrilous aspersions. That reputation was daily strengthened all through the campaign.****

It is a fine and exceptional thing to have two such men as these chosen together to the highest places in our Government. Paradoxical as it may seem, the choice of such personalities is not a step toward personal government, but away from it. The more worthy of great office a man may be, the less he is disposed to usurp the place with himself. Mr. Harding and Mr. Coolidge have both made it entirely clear that to them office is a means and a medium not for exploitation of self but of service for others; and the higher the office, the greater the service and to the greater number of people. There is undoubtedly, as Mr. Harding aptly said, a real job before them. The Nation has full confidence that they are real men who are going to "tackle it together." It will watch with interest and with cheerful assurance the practical working out of their cooperation.

THE RED CROSS IN JACKSONVILLE

That our local Red Cross is organized for emergency work, and that it has been called on to meet emergency since the last roll call is illustrated by what it did in February. It was then that the second epidemic of flu had reached its height. There was not room in either hospital to take care of the sick, and not enough nurses to take care of the flu cases in the homes. To meet this serious community crisis, the Jacksonville Red Cross opened and operated for two weeks an emergency hospital in the new wing of Passavant. In addition to volunteers, a good corps of trained nurses was employed. An arrangement was made with Passavant by which meals were furnished.

ashed patients and nurses at the emergency hospital at a per capita cost.

The Red Cross committee was on the job day and night, concerning themselves not only with those who came into the hospital, but making themselves responsible for alleviating conditions in the county by procuring nursing service for outlying points.

Since there was no equipment, the Red Cross had to purchase supplies, including mattresses, pillows, sheets, blankets, cots, medicines, dishes, etc., amounting to \$398.87. For nursing service the Red Cross paid during the two weeks \$174.00. For the use of the wing of the hospital, heat, meals, light, janitor service, etc., the Red Cross paid \$213.10. Total expended to meet the emergency, \$928.47.

If another disaster arises, the Red Cross stands ready to meet it.

Rippling Rhymes By Walt Mason

Unexplained
A man with sideboards may be wise, a shining light to other guys, but ten men out of nine or eight will view him with a deathless hate, and wonder why he'll thus behave when twenty cents will buy a shave. And where's the man who can explain why sideboards don't seem safe and sane? Why do they make most men see red, and yearn to punch the wearer's head? The man who leads a dog around may be a scholar, most profound, may be endowed with virtues fine, equipped in any crowd to shine. But men who see him will remark, "He ought to do that after dark; a man should be ashamed, by jing, to lead a bow-wow with a string when there are chores that should be done ere yet the night obscures the sun." I cannot tell the reason why, and yet we all detest the guy, who travels parasang and verst, and leads his living wienersurst. The man who's free with good advice may have a nature sweet and nice; sincerely may mark his rede when he would counsel, guide and plead, but still he keeps us seeing red, we'd hound a brick upon his head. We are a cranky bunch, say I, we loathe and love and don't know why.

OLDER BOYS CONFERENCE REGISTRATION
J. C. Findley, secretary of the Y. M. C. A., received a letter yesterday from Boyd Walker, state boys' work secretary, calling attention to the fact that all registrations for the Older Boys' conference must be in the office by Saturday, Nov. 20. Galesburg will have a banner delegation because that city sent in 24 paid up registrations on Monday, Nov. 8. It is necessary that the registrations reach the office by Saturday, in order to avoid confusion.

WERE MARRIED FIFTY YEARS AGO
Mr. and Mrs. J. P. Huff Observe Golden Wedding Anniversary.

The fiftieth wedding anniversary of Mr. and Mrs. J. P. Huff was celebrated in a most appropriate manner Wednesday at their home, 515 Sandusky street. A number of brothers and sisters of Mr. and Mrs. Huff from Salem, Ill., were present to help them in this happy anniversary. The company numbered fifty relatives and friends. At noon those in the company repaired to the dining room. There before the wonderful dinner was served a wedding ceremonial was performed with Rev. W. L. Brasel, brother of Mrs. Huff, as the officiating clergyman. The bride and groom of fifty years ago found the ceremony just as impressive as they had a half century ago.

This room, together with others in the house, were beautifully decorated with yellow chrysanthemums. A five course dinner was served by the daughters-in-law of Mr. and Mrs. Huff and certainly they had overlooked nothing in making their plans for this important occasion.

At the close of the dinner R. J. Brasel, another brother of Mrs. Huff, presented the couple with \$50 in gold, expressing the good will and love of their children. As another feature of the event all of the company gathered on the front lawn for a group picture. The afternoon hours were spent in the home in a social way, reminiscences of the past years being recalled with pleasure. At 6 o'clock a sumptuous supper was served and the evening hours were spent talking over the pleasures of the day as well as the events of years gone by.

In the evening a number of other friends and neighbors came in to extend their congratulations to Mr. and Mrs. Huff, who are among the long time residents of Jacksonville. They have spent practically all of their married life in this city and the family reared here is indeed a credit to them. So it is not surprising that these worthy people received various tokens of esteem yesterday and congratulations and sincere good wishes from a large number.

Among the guests were: R. J. Brasel, Jacksonville; W. T. Brasel, Mrs. Harriet Gaston and Mrs. Libbie Brasel, Salem; Misses Laura and Viola Huff, of Jacksonville; Mrs. Millard Glick, of Farina, Ill.; Miss Agnes Brasel, E. C. Brasel, Mrs. E. H. Braner, Mr. and Mrs. Earl French, Mr. and Mrs. Spieth, Mr. and Mrs. Robert Mann, Mrs. H. P. Huff, Mrs. Edward Woodman, Mr. and Mrs. Duckett and Walter Huff.

OLD SHAVING BRUSH DOOMED
Even Lather and Rubbing Are Now Passe.
Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.
Now, they say, this was lost motion; a waste of time.
The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.
And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.
Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave.
All druggists sell Barbasol.
If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

GOOD ROADS BOOSTERS WILL COME TO
Officials of the Miami Valley Highway Association expected in Jacksonville to talk with local people interested in good roads work. In party will be Jack C. W. new secretary-manager of association; A. E. Nissen, organizer, and B. E. Miller, perintendent of installation of the Good Roads Service Co. Chicago. These men are visiting many towns along the route the highway to create interest in the work in prospect and everywhere meeting with a dial reception. The new signs to be erected will be most complete ever in use.
These good roads men will Macomb recently and the na of that city in a letter article state that people feel that the placing of Macomb on this marked trail is one of the most important things that has happened to the city in the past.

Facts for Sick Women

Reliable Information
All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:
Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound. I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rogers, 693 Fargo Avenue, Buffalo, N. Y.
Sacramento, Calif.—"I had organic trouble and had such terrible pain and swelling in the lower part of my side that I could not stand on my feet or even let the bed clothes touch my side. I gave up my work thinking I would not be able to go back for months. My mother advised me to take Lydia E. Pinkham's Vegetable Compound as it had saved her life at one time, and it put me in a wonderful condition in a couple of weeks, so I can keep on working. I work in a department store and have to stand on my feet all day and I do not have any more pains. I surely recommend your Vegetable Compound to all my friends and you may use these facts as a testimonial."—BERTHA J. PARKER, 3320 M. St., Sacramento, Calif.

Ends Stubborn Coughs in a Hurry
For best effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint will cost two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will not feel the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. WHITE HALL LEGION HELD INDOOR CARNIVAL

Final Event in American Legion Program Will Come Thanksgiving Day—Building Plans Are Furthered.

White Hall, Nov. 17.—The armistice celebration indoor carnival by the White Hall post of the American Legion will not be brought to a finality until Thanksgiving, when the Ford automobile will be awarded to the one holding the lucky number at a drawing. This was to have taken place last Saturday night at the close of last week's carnival, but some of the ticket sellers had failed to turn in their stubs, thus causing the drawing to be postponed. Commander C. A. Whiteside announced today that Thanksgiving has been set as the date for making the award and that in the meantime additional tickets will be sold.

The interest and loyalty engendered in Legion affairs by the carnival is just what has been needed to bring about public support. The loyalty of the members and their deference to their commander is one of the most favorable aspects of the situation.

Commander Whiteside served as a private, but he went thru many harrowing trials in his overseas experience, and the obedience to his will on the part of the post membership, some captains, lieutenants and on down the line, has been looked upon as one of the magnificent evidences of the spirit of fraternity among the boys of the world war. Their building plans will be furthered as rapidly as consistent with making every step a permanent move, to the end that the proposition will be ready for submitting to a vote for a maintenance tax at the ensuing spring township election.

"When I accepted your offer and tried Don Sung, I was puzzled. I had 11 hens every other day. The next month, using Don Sung, my 11 hens laid 221 eggs. I almost quit raising chickens, but now I will raise as many as I can."—Mrs. P. C. Young, Bensenville, Pa.

You also can easily start your hens laying and keep them laying even in coldest winter. To prove it, accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Burnett-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

Stewart Company Makes on 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced, are as follows:

Model	Old Price	New Price
2½ Ton.	3,200	2,575
2 Ton.	3,075	2,495
3½ Ton.	\$4,100	\$3,395
Price reductions averaging about 18 per cent, have been announced by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks.		
1½ Ton.	2,450	1,995
1 Ton.	1,850	1,650

EGYPTIANS WANT GERMAN EDUCATION

London—The youths of Egypt are showing a preference for German and Austrian education, reports Viscount Milner, as High Commissioner or that British protectorate. He says that an unusually large number of Egyptian young men are leaving home at present to study in Europe chiefly in Berlin and Vienna. He attributes this in part to the difficulty of obtaining admission to the overcrowded universities of Great Britain but also to political motives and to reports of cheapness and gaiety of life in Berlin.

FARMER'S UNION WOULD HOLD PRODUCTS

Kansas City, Nov. 17—The Farmer's National Union with representatives from twenty-seven states, went on record here today in favor of withholding farm products from the market "until prices are restored to a profit-making level."

Officials of the union said it represented 800,000 farmers.

SPECIAL SERVICES AT LITERBERRY CHURCH

Sunday School Rally Day Program in Morning and Meeting for All in Afternoon Sunday at Baptist Church — Other Literberry News.

Literberry, Nov. 16.—Sunday school rally day at the Baptist church was an interesting event. The program opened with special music by Mrs. Durrell Crum, and then Mrs. John Guy gave a monologue on "Selfish Sarah." At the 11 o'clock service Rev. W. R. Johnson delivered a sermon on the subject "Home." The minister spoke very earnestly of the old-fashioned home where father was king and mother was the queen, never too busy to read the bible and kneel at the family altar every day; where God was loved and honored by all the household.

At the close of the sermon the communion of the Lord's Supper was administered and the congregation sang "Home Sweet Home."

At noon a bountiful dinner was served in the basement of the church, and at 2:30 in the afternoon there was a meeting for everybody. Rev. Johnson called for talks on the following topics, and when there was no one ready with responses Mr. Johnson in his happy manner was always ready to fill the vacancy.

First, Church and Sunday school music. Why should there be a difference?

Second, How can the church members help the superintendent to make a better school?

Third, The missionary work in the church.

Fourth, Entertainment and amusement for the young people and what place shall the church hold in them.

Fifth, Shall the church follow after worldly amusements, try to bring to one level the worlds idea of pleasure, or shall the church require the church to come up to the Christian life as taught by our Savior in the new testament?

Sixth, What is required of a bishop.

Seventh, What place should the church hold in the social life of the community?

Rev. Greer, the evangelist at the Christian church was requested to talk on this topic, which he did, and gave a very earnest talk as to what is right and what is wrong for the church to allow her people. Shall we lower the bars?

Rev. Browning talked on the association between the teacher and his class in the Sunday school.

After a song the meeting closed.

Mr. and Mrs. John Daniels are rejoicing over the birth of a little daughter, born Sunday afternoon 5:30.

Miss Moore of Jacksonville is at the Daniels home, caring for the new daughter.

Mr. and Mrs. G. H. Crum went to St. Louis Saturday to visit Mrs. Carpenter.

Alden Earl Rexroat was six years old Saturday and his mother made a birthday feast, invited all the little boys and girls in, to help celebrate the day. There were some presents for Alden Earl, and a wonderful good time for all.

Mr. and Mrs. Clarence Thompson and children of Arcadia spent the Sabbath at Maple.

Look Out for Rheumatism As Winter Approaches

If you have had the disease for any length of time, you have doubtless resorted to the misleading treatment of liniments and lotions, in an effort to get relief from its torturing pains. But you want more than mere temporary relief. You want to be freed from the shackles of a disease that will bind you hand and foot.

So many cases of Rheumatism come from a tiny disease germ that infects the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface.

One remedy that has given splendid results in the treatment of Rheumatism is S. S. S., the fine old blood remedy that has been sold by druggists for more than fifty years. S. S. S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S. S. S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 325 Swift Laboratory, Atlanta, Ga.—Adv.

Miss Frances English of Jacksonville came to Literberry Monday, driving a car for the Red Cross committee, namely, Mrs. Frank Heintz and Miss Edith Parks. While the committee held a meeting at the home of A. W. Petefish, Miss English made a very pleasant visit with old friends at Sunshine cottage.

On Monday morning, before breakfast Chester Braner from Grace Chapel, came to the McCarty home, bringing ten pounds of "the best honey in the world," thick, white and of the real white clover flavor.

Mrs. G. T. Lifer has sold her store of general merchandise to the Roach Bros., and they have taken possession. Mrs. Lifer and daughter retiring for a much needed rest. The new firm have the best wishes of the Literberry people.

The Literberry M. E. society met on Wednesday with Mrs. A. B. Obermeyer at her home near Arcadia. About twenty members were present. After the devotional and business reports, there was a Thanksgiving program as follows.

Viola solo — "Onward Christian Soldiers."
Reading — "Putting Away the Little Toys." — Mrs. Obermeyer.
Reading — "Thanksgiving." — Miss Ellen Deatherage.

Mrs. O. G. Dinwiddie told of the origin of Thanksgiving, the Pilgrim Fathers and the first Thanksgiving.

Viola sang.
A splendid luncheon was served by the hostess, during the afternoon.

At the close of the meeting a tablet and pencil were passed and each member wrote some Thanksgiving thought to Mrs. Ida Henderson, a former member. These will be sent by mail to Mrs. Henderson, who is living in Texas. One visitor, Mrs. C. P. Snoddy of Marshall, Mo., was present.

A good offering was taken and the meeting closed.

Coach Harmon announced last night that officials for the Illinois-Millikin game to be played on Illinois field Saturday afternoon had been selected.

Lantz of Gettysburg who is director of athletics at Eastern Normal will referee; McNeill, Augustana will be umpire; Cook, Normal, field judge, and Russell, head linesman.

Lantz worked in the Illinois-Wesleyan game here and gave good satisfaction. The other officials also are well known and are considered among the best men in the state conference.

Illinois field Wednesday evening was in perfect condition. If the weather holds good without any rain the field will be in great shape Saturday afternoon.

The squad took a hard workout and all of the men are in good condition and anxiously awaiting the game. The men expect to give Millikin the strongest argument they have had this season. If they play football as they are capable of playing they should beat Millikin. Any way you look at it it promises to be a game worth going miles to see.

Millikin's team, according to the Decatur papers, came thru the Wesleyan game in good shape. Zollers who was in the sidelines will probably be in the lineup Saturday and Wann will be able to present his strongest front to Coach Harmon's men.

Last year Illinois and Millikin played what probably was the best game seen in the conference during the 1919 season. Millikin won by a score of 10 to 0. Both teams are apparently as strong as last year and both will battle hard not only because of what is at stake but because of the ancient rivalry which has existed since the first team Millikin sent out.

FARM HOME IS DESTROYED BY FIRE

Property of Mr. and Mrs. Charles Franz, Former Residents Here, Is Total Loss.

Friends of Mr. and Mrs. Charles Franz in this vicinity will regret to learn of the additional loss sustained by them last Friday when their farm home north of Edina, Mo., was completely destroyed by fire.

It will be remembered that early in September the farm of Mr. Franz, together with others in the vicinity of Edina, was visited by a devastating storm of hail and wind which laid flat the maturing corn, wrecked barns and buildings, and in some instances killed cattle and other livestock. This hurricane left the farmers of that region absolutely nothing to show for their year's work, as the crops were torn to bits and battered into the earth. It is said there wasn't enough of the corn left to make fodder.

The Quincy Herald's Edina correspondent has the following item regarding the conflagration Friday: "Edina, Mo., Nov. 15.—On Friday afternoon the home of John Marquardt, two miles north of town, was completely destroyed by fire. His wife and small daughter were in town and he being busy around the barn, did not discover the fire until under great headway. Being excited and trying to fight the fire alone, as there were no near neighbors, he forgot the five months' old baby, who was in the house, until the building was half burned and rushed to town to save the child. None of the contents were saved. The farm is owned by Charles Franz of this place."

MRS. COUCHMAN'S LONG LIFE IS ENDED

Deceased Had Spent Many Years in Morgan County — Passed Away at Home of Daughter.

Mrs. Judith Ward Couchman, who one more month of life would have been ninety years old, passed away at 11:45 o'clock Wednesday morning at the residence of Mrs. Kate C. Chal-liner in the Joy Prairie neighborhood. Death followed several months' failing health, and she became seriously ill last Saturday.

The aged lady was one of the best known residents of the county, owing to her long residence in the community. To her many friends she was known as Aunt Judy.

Mrs. Couchman was very active for a woman of her age until about a year ago, when her health began to fail owing to her advanced years.

She was a member of the Methodist church, and a fine type of Christian woman.

Arrangements for the funeral are to be announced later.

Judith Ward Couchman born in Kentucky near Marysville, December 25, 1830. Her parents, David and Laurena Martin came to Illinois in the fall of 1835 and settled at Macomb. The decedent afterwards went to Virginia and made her home with her uncle the late Jacob Ward.

She was married to B. F. Couchman the 15th of December 1846 and settled near Arcadia where she resided 43 years, except one year in which they lived in Mason county.

Her husband died June 23, 1893. Born to this union five children: Millicent, Ruth, Caleb, John, and Kate C. All preceded her in death but Kate C. Chal-liner with whom she has made her home for 22 years.

She also leaves four grandchildren: B. F. Stigall, Salina, Kas; Mrs. Millie R. Angel, Spokane, Wash; Sam and Ruel Chal-liner of Joy Prairie neighborhood. One sister, Mrs. Nannie Stinson, Hill City, Kas., ten great grandchildren, three great, great grandchildren.

RED CROSS ROLL CALL PROGRESSES

Work Is Moving Along In Systematic Way With Good Results.

Work in the Red Cross roll call campaign is being carried on in a systematic way in the residence sections of the city. However, reports brought in by solicitors yesterday were not altogether of an encouraging nature. In some cases solicitors encounter indifference and a disinclination to renew membership.

It is the belief of those in charge of the campaign that this indifference is due to a lack of understanding of the work which the Red Cross is doing in its peace time program, and a feeling that with the cessation of war the work of the Red Cross ended. People familiar with the great humanitarian organization know that the work now being carried on is of great importance and wide in scope.

Some of the reports yesterday were of a gratifying kind and among this number was that from Brown's Business college. The work there is in charge of Miss Martha Stults and there are now fifty members among the students of that institution.

It is probable that the solicitation in the residence district will be completed within a day or two. The solicitation in the business district has been delayed, pending the arrival of the buttons. A supply has now been received and solicitors will accordingly start out today.

Next Saturday the fur buying public will enjoy the annual opportunity presented by Frank Byrns of buying from Detroit's leading Fur Factory Coats, Coatees, or other fur garments not usually carried in stock here, at most attractive prices.

Deaths

Morrison

A short time since mention was made of the serious illness of Prof. Morrison, at one time a member of the faculty of Illinois College. Emory Carter received word yesterday that the gentleman had passed away at his home in Greenville, Ohio.

Finley

The death of Miss Carrie Finley occurred at 10:40 o'clock Wednesday morning at the home of her mother, Mrs. Evelyn Fisk, 621 East Walnut street. The deceased had been ill for a number of months and death was not unexpected. Her final illness was the result of an attack of influenza. Arrangements for the funeral have not yet been made.

Crowder

Mrs. Irene Duckett Crowder who has been a patient at Our Savior's hospital for 23 weeks, passed away at 9 o'clock Wednesday morning, Nov. 17, 1920, after an illness extending over a period of five years. Before going to the hospital, the deceased made her home for three years with her aunt, Mrs. Ellen Swales, on North Prairie street, at whose hands she received everything that love and sympathy could suggest. She has also received devoted assistance from her brother, Clarence F. Duckett of Chapin.

Deceased is survived by a brother, C. F. Duckett of Chapin, and a daughter, Mrs. Hal Stark of Melrose, Mass.

Irene Duckett was born near Chapin, Ill., Aug. 13, 1875. For about 25 years she was engaged in theatrical work, and was quite successful in her chosen field of labor.

Thru long years Mrs. Crowder maintained her faith in God and in the years of her illness her daily comfort was found in her study of the Scriptures. Her illness had its long weeks of suffering and the patient met these conditions with patience that was indeed remarkable. Her cheerfulness in the midst of pain was an inspiration to those who knew her.

Funeral services will be held at the Williamson & Son undertaking rooms this afternoon at 2 o'clock. The services will be in charge of Rev. W. H. Marbach, pastor of State Street church.

Brown

R. A. Gates received a message yesterday stating that William Brown had died of pneumonia at his home in Citronelle, Alabama that morning. The deceased had been in delicate health for some time and was an easy prey to the dread disease.

Mr. Brown was the son of the late Judge William Brown who once lived in the large frame house later occupied by E. S. Greenleaf and which was destroyed by fire a few years ago. He came of one of the most prominent families of the city. He was educated in the public schools of the city and for a time was a student at Illinois College after which he carried on farming in the vicinity of Alexander for a number of years after which he removed to the city and engaged in the insurance business and was promoted to the position of adjuster.

About a quarter of a century ago he moved with his family to Citronelle, Alabama, where they resided for twenty years, then came back to Jacksonville for awhile and later returned to Citronelle for the remainder of Mr. Brown's life.

Mr. Brown was about seventy years old at the time of his death. He followed the footsteps of his father in church affairs being a devout Methodist and participating in church and Sunday school work right faithfully. He had a large circle of friends in this city and vicinity and made a great many friends in his Alabama home and was generally beloved and appreciated.

He was married in 1837 to Miss Nellie DeMotte, daughter of the former president of the Woman's College. He is survived by his wife, and three daughters, Margaret, of Poughkeepsie, N. Y., Mary of Brooklyn, N. Y., and Mrs. Fred Schultz of Citronelle. Also a sister, Mrs. Hiram Dillon of Topeka, Kans. One son, Wiswell, a promising young man who died in early manhood.

The remains are expected here tomorrow and the funeral will probably be conducted Saturday at the Reynolds Chapel.

Funerals

Gray

The funeral of the late William Gray was held at the Methodist church in Franklin, Wednesday morning. The service was in charge of Rev. Wilbur Keenan, a former pastor in Franklin, and he was assisted by Rev. Mr. Sherman. The minister referred to the long and useful life of the deceased and paid a tribute to him as a man who lived earnestly and well.

Appropriate music was furnished by Mrs. Martin Anderson, Miss Lila Seymour, Luther Wiley and Edgar Wiley and Edgar Eador, with Miss May Boulware as accompanist. Burial was in Franklin cemetery and the bearers were William Whalen, M. B. Keplinger, George Boulware, John Wynn, Edward Sweet and Wesley Bland.

SMALL PAY BLAMED FOR DEARTH IN MINISTERS

Low Salaries for Ministers of Gospel Have Reduced Their Number, According to Report Before Board of Benevolence of M. E. Church in Boston.

BOSTON, Mass.—(By Associated Press.)—Low salaries for ministers of the gospel have reduced their number to an inefficient minimum, according to a report submitted today to the Council of the Boards of Benevolence of the Methodist Episcopal Church.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 517 G. Marcelus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

pal Church. The report came from Dr. Joseph B. Hingeley, chairman of the board of conference claimants, the organization which has charge of raising the pension funds of the church. Inadequate salaries and the resultant hardships have caused among ministers physical disability and mental poverty, forced clergymen to take up "side lines" in order to make a livelihood or else driven competent men from the profession and have kept from the work "the best equipped and most intelligent youth," according to the report. Discussing the dearth of ministers the report said:

"In one denomination 3,383 congregations did not have regular pastoral care. In another there were 934 fewer ministers than in 1914. A denomination having 963 congregations had only 627 settled pastors and another reports an average net gain of 25,630 members but of only 34 ministers."

The report gave a comparative list of average salaries paid by various denominations but said the figures were misleading because the "larger salaries make the average maximum amount for most of them." According to these figures the Protestant Episcopal church pays an average of \$1,242; the Presbyterian (North) \$1,177; the United Presbyterian \$1,096; the Dutch Reformed church, \$1,170; the Methodist Episcopal (North), \$1,176; the Congregational, \$1,042, and the Baptist (Northern), \$950.

"The best young men are not deterred from coming into the ministry from fear of sacrifice during their active years," said the report, "but they are unwilling to face poverty at the end of their career."

The report said that the federal income tax returns listed only 1,671 clergymen, as having an income of \$3,000 a year and that while New Jersey ranks first among the states in the average salaries paid clergymen, the figure there is \$1,270 a year, which is less than the \$25 a week which stenographers average.

WIFE DINES HUSBAND THEN MURDERS HIM

Paris.—One thousand francs only remaining of her former wealth (Madeline Moreno who was a renowned singer in gay Paris theaters before she married Joseph O'Brien, a former coachman for one of the wealthiest residents of the Champs Elysees, invited her husband out to dinner a short time ago.

To one of the most expensive restaurants in Paris, the scene of Mademoiselle Moreno's former splendor, then went. They returned home about two o'clock in the morning minus the 1,000 francs. An hour later Mrs. O'Brien cut her husband's throat with a razor, then committed suicide.

The conjuncture of the apartment, where the couple occupied a handsomely furnished flat in a street leading from the Champs Elysees, reported the matter to the police and in a few minutes a distinguished looking man called.

He made many inquiries concerning the affair, which the conjuncture answered.

"Mr. Police Commissioner," she ended, "please hurry and have the bodies removed from the flat."

"I am not the police commissioner," replied the visitor, "but you admit the flat is vacant, that the price is so much then I will rent the apartment. I have been looking for one for over a year."

BOY SCOUTS WILL COMBAT ILLITERACY

MADRID.—By the Associated Press.—Former Boy Scouts in Spain have decided to inaugurate a campaign throughout the country to combat the prevalent illiteracy. The resolution founding a society just formed for that purpose says: "We consider the existence in Spain of 60 per cent of the population who can neither read nor write constitutes a veritable scandal for the nation. After carefully analyzing the problem, we have reached the conclusion that a medium of good will on the part of the governing classes would be sufficient to solve it."

The society resolved to form free classes in every big city where boys will be given instruction in the elements of reading, writing and arithmetic. Later similar classes are to be started for adults of both sexes. The teachers will be chosen from volunteers among educated people and the society hopes to enlist the services also of professional teachers from the national schools to give instruction in the evening.

The Helping Class of Hebrew church will serve supper Thursday evening.

HOME MISSION WORK IS BEING EXPANDED

Expansion of Work in Industrial Centers, Universities and Colleges and in the Army Described at M. E. Gathering in Boston.

BOSTON, Mass.—(By The Associated Press.)—Expansion of the home mission work of the Methodist Episcopal Church, in industrial centers, universities and colleges, among negroes in the north and at army and marine bases, was described to the sect's Council of Boards of Benevolence here today by the Rev. David H. Forsyth, corresponding secretary of the church's Board of Home Missions and Church Extension.

"Checks sent out for maintenance in the first quarter of 1920 were three times as large as the first quarter in 1919," said the report.

In cities 596 pastors are being aided to the amount of \$205,351 and 597 special workers have been employed at a cost of \$697,418, according to the report. In rural fields 22,977 preachers are receiving aid at a cost of \$695,859 and 1,054 churches, parsonages and parish houses are under construction, the home missions board contributing \$1,250,000 to these projects. In addition, the report pointed out the department of church extension is looking after \$900,000 worth of loans on churches and parsonages.

The department fund of the board, the report said, had been increased by more than three quarters of a million dollars in the quadrennium and now contains \$22,814,000.

WILL DISCUSS TIMBER CONSERVATION

Chicago.—By The A. P.—How the west must protect its own timber if it is to continue production of paper in the great mills of Wisconsin, Michigan and the middle west generally will be discussed at a convention of the American Paper and Pulp Association in Chicago soon.

The reforestation campaign now in full swing in the east will be carried to the middle west at this convention. This movement has the support of the American Paper and Pulp Association, the parent organization of the paper industry. The Association includes eighteen affiliated organizations of different types of paper production.

STIFF JOINTS SORE MUSCLES

Smoothed Out By Hamlin's Wizard Oil

Soreness and stiffness resulting from unaccustomed use of muscles or too much exercise, such as tennis, baseball, golf, hand-ball, etc., give way quickly to the soothing effect of Hamlin's Wizard Oil. It penetrates fast, drives out the soreness, and limbers up stiff, aching joints and muscles.

Hamlin's Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. It is an absolutely reliable antiseptic application for cuts, burns, bites and stings. Sprains and bruises heal rapidly under its soothing, penetrating qualities. Keep it on hand.

Generous size bottle 35c. If you are troubled with constipation or sick headache try Hamlin's Wizard. Liver Whips. Just pleasant little pink pills at druggists for 30c.—Adv.

PRETTY WEDDING AT NEW BERLIN CHURCH

Frank Bergschneider of Alexander and Miss Ivorine Ludwig of New Berlin United in Marriage Wednesday Morning—Will Reside Near Virginia.

The marriage of Frank Bergschneider of Alexander and Miss Ivorine Ludwig of New Berlin was solemnized at St. Mary's church in New Berlin at 9 o'clock Wednesday morning, Rev. Father Costello celebrating high mass. The ceremony was witnessed by a large company of relatives and friends.

The young people were attended by Henry Bergschneider, brother of the groom, and Miss Margaret Walsh, a niece, both of Alexander. The ushers were Ralph Walsh and Leo Frank.

The bride wore a handsome gown of white satin and georgette crepe with silver trimmings, and carried a shower bouquet of bride's roses. She wore a veil of tulle caught with a wreath of orange blossoms. Miss Walsh wore a gown of pink crepe de chine with silver trimmings and picture hat to match. She carried an arm bouquet of pink roses.

Following the church service an elaborate wedding breakfast was served at the home of the bride's parents, only near relatives being the guests.

The house was beautifully decorated with ferns and cut flowers, the predominating colors being pink and white. Mr. and Mrs. Bergschneider were the recipients of a large number of gifts, attesting the high esteem in which they are held.

In the afternoon the bride and groom left for a brief wedding trip to Chicago, and upon their return they will be at home on the groom's farm near Virginia.

The bride is the only daughter of Mr. and Mrs. John Ludwig, well known residents of New Berlin. She has spent all her life in that community and received her education at the public schools and the high school there. She is a young woman of charming personality, a talented musician, and is very popular among her numerous friends.

Mr. Bergschneider is the son of Mr. and Mrs. Anton Bergschneider of Alexander and thus belongs to one of the prominent families of the county. He attended Routt college and Brown's Business college in this city and since completing his education has been engaged in farming operations. He is a young man of excellent character and much ability.

Mr. and Mrs. Bergschneider enter upon their wedded life with the best wishes of their many friends.

SALE AT BAPTIST CHURCH

The ladies of First Baptist church will hold an "at home" in the church parlors Thursday afternoon, beginning at 1 o'clock; sale of fancy work, aprons, rugs and home cooking; general social time and refreshments.

ELIZABETH LONG, Secy.

LAWS REGARDING SEEDS.

It would be well for all farmers to send to the Illinois Department of Agriculture at Springfield and get a copy of the Illinois seed law which will be sent, probably, on application. Appended are some extracts from the law.

The law applies to grains and ordinary seeds and well known weeds. Seeds of any kind, except corn, offered for sale in packages exceeding a pound in weight shall have attached thereto a label naming the seed and full name and address of the vendor; a statement that the seed does not contain more than one to 5,000 of certain specified noxious weed seeds such as field sorrel, Canada thistle, buckhorn, quack grass, curled dock, ox-eyed daisy, clover and alfalfa dodder, carrot.

If seed is mixed so that there is by weight more than five percent of another kind the fact shall be so stated. No farm seeds shall be offered for sale containing more than one in a thousand of Canada thistle, wild mustard or wild carrot, and some others; nor more than one in 500

of buckhorn, field sorrel, curled dock, ox-eyed daisy or corn cockle.

Seed corn offered for sale in lots of ten pounds or more must have a label stating in the English language full name and address of vendor, the commonly accepted name of the variety, name of county and state where grown and year when grown, provided such facts are known.

The Department of Agriculture of Illinois at Springfield will analyze and test samples of seeds forwarded to it for that purpose and report to the person sending in conformity with the rules of the department and will test without charge samples of seeds sent to it except when one man or firm send more than five samples of a certain list and \$1 for each sample of a certain list.

The above does not apply to seeds sold to merchants to be resold before being sold or when in store for purpose of re-cleaning or not possessed or offered for sale for seeding purposes within the state. Violation of the law is punishable by a fine of not less than \$5 nor more than \$100.

The law does not prohibit the sale of impure seeds but it does provide that seeds shall be properly labeled so that a man may know what he is getting to the end that better seed may be used generally. All seeds offered for sale in quantity specified must be plainly tagged with the regulation tag and in plain English

on the tag must be printed or plainly written the name of the seed, name and address of the seller, statement regarding presence of noxious weed seeds, percentage of inert matter and percentage of all mixtures.

The law gives facsimiles of tags to be used.

When sending samples of seeds to the department be careful to have them correctly represent the whole. Ears from various parts of the cornfield, wheat or oats from top, middle and bottom of bag.

Two ounces of grass seeds, clover, millet et al; eight ounces of corn. Send in strong manila paper or cloth bags, not glass or cardboard boxes. Address Department of Agriculture, seed inspection, Springfield, Ill., care DeWitt Building, room 428.

A FROMER CITIZEN

When Mr. Moore was in Emerson, Neb., last week, a young man came up alongside of him on the street, whom at first he did not recognize. He proved to be Clyde Martin, well known here. The two spent the evening together in Wayne. Of late Mr. Martin has been living in Oklahoma, and is now in Omaha. He is employed as a traveling man and doing fine, as his looks show. He reported his wife and daughter as flourishing, and all right. The two Jacksonvillians spent about two hours talking of things "back east."

Speaking of the east, Clyde told of Carl Owen's great success as a

lawyer, he being one of the leading members of the New York city bar, and head of a prominent firm.

SUFFERED WITH SEVERE ECZEMA

Four Years, First Arms Spread, Itching Severe. Cuticura Heals.

"I suffered from a severe case of eczema. I first noticed a slight redness on my arms, and later it spread. The itching was so severe that I scratched, and could only sleep part of the night. The inflammation was so intense that the skin was almost purple.

"This lasted for nearly four years. I sent for a free sample of Cuticura Soap and Ointment and after the third application the itching was less. I bought a cake of Cuticura Soap and a box of Ointment and at the end of a month I was healed." (Signed) Mrs. J. E. Ratcliffe, Caledonia, Minn., Aug. 29, 1919.

Cuticura For Toilet Uses

Having cleared your skin keep it healthy and clear by using Cuticura Soap for every-day toilet uses assisted by touches of Cuticura Ointment to soothe and heal any tendency to irritation or roughness of the skin. Cuticura Soap is ideal for the complexion because so mild, so delicate and so creamy. Soap, Ointment and Talcum 25c. each everywhere. Cuticura Soap shaves without pain.

WAS BADLY RUN-DOWN
FROM PNEUMONIA

**Mrs. Washburn Quickly Regained
Her Strength and Flesh**

"I had gripped, followed by
pneumonia. It left me with a ter-
rible soreness in my chest, con-
stant pain in my throat and so
weak and nervous I could neither
eat nor sleep. I had a chill every
morning.

"One day a young man told me
how Mrs. Emulsion had got him
out of bed and built him up after
he had been reduced to a skeleton
and given up by the doctors. So
I tried it. I have gained in strength
appetite and flesh, sleep better
than I have for years, am doing
all my own work again and feel
like a new person.

"The beauty about Milks Emul-
sion is that it doesn't wear out like
most things, and it is so pleasant
to take. It is a food as well as a
medicine and builds up the blood
and tissues. It surely put new
blood in my veins and I have the
healthiest color I ever had."—Mrs.
M. Washburn, El Centro, Cal.

It costs nothing to try Milks
Emulsion. It will build you up
more quickly, more surely than
anything else.

Milks Emulsion is a pleasant,
nutritive food and a corrective
medicine. It restores healthy
natural bowel action, promotes
appetite and puts the digestive or-
gans in shape to assimilate food.
Chronic stomach trouble and con-
stipation are quickly relieved.

This is the only solid emulsion
made, and so palatable that it is
eaten with a spoon like ice cream.
No matter how severe your case
you are urged to try Milks Emul-
sion under this guarantee—Take
six bottles home with you, use it
according to directions and if not
satisfied with the results, your
money will be promptly refunded.
Price 75¢ and \$1.50 per bottle. The
Milks Emulsion Co., Terre Haute,
Ind. Sold by druggists every-
where.—Adv.

**SO DIZZY HAD TO
TAKE TO HIS BED**

**Decatur Farmer's Stomach Was In
Bad Condition—Was Bitten,
Tongue Cooled and Constipated
Claims He Was in a Serious
Condition.**

**Made Special Trip to Decatur to
Get More Drego**

"Drego has been a blessing to
me. I had such bad dizzy spells
that I had to stop work and go to
bed, before I started to take Drego,"
said Mr. L. A. Ater, a well
known farmer of Moultrie county,
near Lanton, Ill., 26 miles from
Decatur. "My stomach was al-
ways upset, tongue had a heavy
coat on it from one week's end to
another. I had a vile taste in my
mouth and my breath was awful.
Nothing I ate tasted good and I
never felt hungry.

"My head would spin around
like a top, making me feel ill. I
was going to fall. I was nauseat-
ed, weak and got so bad off I
couldn't do much work around
the place.

"I've taken two bottles of this
splendid medicine, Drego, and my
troubles are over. I don't know
when I've felt as well as I do now
and I want to tell you, I surely am
glad I found out about it in time."

All druggists now sell Drego and
it is being especially introduced in
Jacksonville by Coover Drug Co.
and J. P. Shreve.—Adv.

PRESIDENT APPEARS WITHOUT GUARD
Paris. — By the A. P.—President Millerand has amazed some of the old residents of Paris by appearing on the streets of the city apparently without a guard. Scores of persons recognized the French President when he walked the other day from the Elysee Palace thru the Champs Elysees toward the Seine and his progress was marked by a succession of bows. Not a detective was in sight.

This is in sharp contrast to the practice of most former Presidents. Few of them ever have ventured forth alone and in most cases they have been surrounded by a strong guard of detectives of police. M. Millerand's democratic conduct in this respect has caused much comment and increased his popularity.

WHITE HALL PARENTS AND TEACHERS MEET

Initial Meeting for Present School Year Held Recently With Large Attendance—Officers Chosen.

White Hall, Nov. 16.—The initial meeting for the present school term of the Parent-Teachers' association of the White Hall public school was held Monday evening in the high school auditorium, and the attendance and interest insured some valuable co-operative endeavors on behalf of these community forces for the welfare of the school and the child. H. W. Shirley retired as president. He named as a nominating committee for the new officers: C. E. Miller, George Bell and Mrs. Ira Painter, and this committee made the following recommendations that were adopted by the membership: President, T. M. English; vice-president, Mrs. Ruby Brown; secretary, Mrs. Guy Lowenstein; treasurer, W. D. Davis.

The meeting opened with singing "America," and there were inspiring addresses by Superintendent R. G. Smith, Miss Ruth Evans, J. F. Greer and Rev. Arthur F. Ewert. There was a song and encore by a ladies' quartet, composed of Mesdames Helen Barnett and Ruby Brown, Misses Kate and Mary Ellis. The proceedings closed with singing "Illinois."

The new president will name the committees later, the only committee named at this time being that on constitution and by-laws, which, together with the officers, will arrange a program for the next meeting a month hence; this committee being composed of Mrs. C. B. Roodhouse, Mrs. L. B. Ballow, Mrs. W. T. Knox, Miss Ruth Evans and Superintendent Smith. The new president is now making up his committees on program, finance and music.

The sentiment of the exceptionally large gathering is that this association is to become the power that has within its reach for the betterment of the community interests that require just such co-operation as is offered by the Parent-Teachers' association.

President English called attention to the call for the initial meeting as outlining what he expects to be accomplished during his administration, namely: "May we have your co-operation in the interest of the boys and girls of the community." He realizes what the full meaning of such a purpose means to the future men and women whose lives are shaped by our acts and ministrations, and the children have no better friend than Larry English. He is a man of sound vision and wise counsel. Just one act credited to him brings out his great interest in child welfare when it is recalled that the memorable treat to the children of White Hall and vicinity in Whiteside park last September was under the direction of the new president of the Parent-Teachers' association, an event that is looked upon today with more importance and pleasure than during the glad hour when the children were engaged in the most hilarious time that has ever been witnessed in this section of the country as a purely children's event.

Another subject that shows the calibre and public spirit of Mr. English is that for more than a year he has been formulating a scheme for building up church attendance on the part of the people of White Hall and vicinity, a scheme that he believes can be worked best by people who are not members of any church, as is the case with him. He has made a survey of the church facilities

and average attendance, and these figures in comparison with the population that the churches should serve, proves to him that there are not too many churches here in White Hall; that the difficulty lies in the lack of interest in church attendance on the part of the general public.

So far the ministers have not taken up with the English plan of inaugurating a campaign for making church attendance a habit, without any apparent reason, and it may be that yet the plan will be given a tryout elsewhere than White Hall, as thru this section of the state all towns are practically in the same boat when it comes to more loyal support of the church interests of the respective communities.

AMERICAN FLAG FLIES IN ALBANIA

Reason Assigned to Work of Red Cross—Country is Most Primitive.

Elbassan, Albania.—(By The Associated Press.)—One of the cheering sights that greets the American visitor to Albania is the American flag. In all the larger towns the stars and stripes may be seen side by side with the colors of Albania. This is the outgrowth of the work of the American Red Cross which established hospitals and orphanages in the principal towns. Most of the American relief workers have now withdrawn, but the native Albanians have kept the American colors flying as evidence of their appreciation and gratitude to their benefactors.

Italy's action in withdrawing from Albania has given fresh impetus and strength to the Albanian yearning for complete independence and freedom from foreign protectorates or mandates. But the country is scarcely strong enough to stand alone. She needs the aid of England or America to enable her to stand alone. She needs the aid of England or America to enable her to become a virile, self-supporting self-governing state.

The country is extremely primitive. There is not a single mile of passenger railroad, not a telegraph wire, not a mile of good highways, not a newspaper or a post office. It required eight days for The Associated Press correspondent to travel from Scutaria to Koritza, a distance of about 125 miles. The journey is to be made on horseback, which is the

only form of conveyance outside of immemorial ox-cart.

The Albania is divided between Mohammedan and Christian and further divided by the existence of different sects of both these religions, the national consciousness is predominant everywhere except in very few communities in the south where Greek influence has reached in thru the medium of the Orthodox church. Every Albanian is an Albanian first and inherits a tradition which has, thru many generations, prohibited religious persecutions of any sort.

The Albanian is a good business man, a good soldier. He is extremely independent. His great fault grows out of the fact that the only means of punishing murder and certain other heinous crimes is by personal vengeance.
